

## **2020-2021 PERRY CSD BUS ROUTES**

REGULAR BUS routes accurate to the best of our knowledge as of September 4,2020. Changes in locations, students, and start times are highly probable and may result in revisions and the possibility of adjusting several bus routes as well as changes in starting times. No combination of routes selected and /or assigned will result in a scheduled day of more than 7.5 hours.

Selected and /or assigned multiple route times may not conflict. The bus assigned to each route will be determined at a later date based on pupil capacity. Specific routes determined by students on each day. (NOTE) Route may be consolidated or cancelled if fewer than five students registered for any region. **All routes are subject to change at a moment's notice.**

**Due to remote learning students, and students that have opted out of transportation, route times could vary by approximately 20 minutes. As the school year settles in we can get to a consistent routine.**

**Buses 60, 65, and 66 afternoon runs will possibly be approximately 20 later on times because they have a small 1st loop to do.**

**Thank you,**
