SUBJECT: ALLOCATION OF TITLE I, PART A FUNDS IN THE DISTRICT

Allocation of Funds

The District allocates the Title I, Part A funds it receives to District school buildings on the basis of the total number of students from low-income families in each eligible school attendance area or eligible school, as defined in law. Unless the District school building is participating in a school wide program, the District school building will only use Title I, Part A funds for programs that provide services to eligible children, as defined in law, identified as having the greatest need for special assistance.

The District will reserve from its allocation of Title I, Part A funds, such funds as are necessary to provide services comparable to those provided to students in District school buildings that receive Title I, Part A funds in order to serve:

- a) Homeless children and youths, including educationally related support services to children in shelters and other locations where children may live;
- b) Children in local institutions for neglected children; and
- c) If appropriate, children in local institutions for delinquent children, and neglected or delinquent children in community day programs.

Funds Will Supplement Not Supplant

The District will ensure that Title I, Part A funds only supplement, not supplant, the funds that would, in the absence of such federal funds, be made available from state and local sources for the education of students participating in programs assisted by Title I, Part A funds.

Allocation Methodology

The District has developed an allocation methodology that is consistent with Title I guidelines.

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE

The District recognizes the importance of educational stability for students in foster care and will collaborate, as appropriate, with the State Education Department (SED) and the local Department of Social Services (LDSS) to ensure that students in foster care have the same opportunity to achieve at the high-levels as their peers. For purposes of this policy, LDSS also refers to the local Social Services District or the local child welfare agency.

Definitions

- a) **Child or youth in foster care** ("student in foster care") means a child who is in the care and custody or custody and guardianship of a local Commissioner of Social Services or the Commissioner of the Office of Children and Family Services.
- b) **Feeder school** means:
 - 1. A preschool whose students are entitled to attend a specified elementary school or group of elementary schools upon completion of that preschool;
 - 2. A school whose students are entitled to attend a specified elementary, middle, intermediate, or high school or group of specified elementary, middle, intermediate, or high schools upon completion of the terminal grade of such school; or
 - 3. A school that sends its students to a receiving school in a neighboring school district pursuant to applicable laws and regulations.
- c) **Foster care** means 24-hour substitute care for children placed away from their parents or guardians and for whom the state or tribal child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and pre-adoptive homes. A child is in foster care regardless of whether the foster care facility is licensed and payments are made by the state, tribal or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is federal matching of any payments that are made.
- d) **Preschool** means a publicly funded prekindergarten program administered by SED or a local educational agency or a Head Start program administered by a local educational agency and/or services under the Individuals with Disabilities Education Act (IDEA) administered by a local educational agency.
- e) **Receiving school** means:
 - 1. A school that enrolls students from a specified or group of preschools, elementary schools, middle schools, intermediate schools, or high schools; or

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

2. A school that enrolls students from a feeder school in a neighboring local educational agency pursuant to applicable laws and regulations.
- f) **School district of origin** means the school district within New York State in which the child or youth in foster care was attending a public school or preschool on a tuition-free basis or was entitled to attend at the time of placement into foster care when the Social Services District or the Office of Children and Family Services assumed care and custody or custody and guardianship of such child or youth, which is different from the school district of residence.
- g) **School district of residence** means the public school district within New York State in which the foster care placement is located, which is different from the school district of origin.
- h) **School of origin** means a public school that a child or youth attended at the time of placement into foster care, or the school in which the child or youth was last enrolled, including a preschool or a charter school. For a child or youth in foster care who completes the final grade level served by the school of origin, the term school of origin will include the designated receiving school at the next grade level for all feeder schools. Where the child is eligible to attend school in the school district of origin because the child was placed in foster care after such child is eligible to apply, register, or enroll in the public preschool or kindergarten or the child is living with a school-age sibling who attends school in the school district of origin, the school of origin will include any public school or preschool in which such child would have been entitled or eligible to attend based on such child's last residence before the circumstances arose which caused such child to be placed in foster care.

District Foster Care Liaison

The District will designate an appropriate staff person to act as the District's point of contact for students in foster care (i.e., the "Foster Care Liaison"). The Foster Care Liaison will not be the same staff person as the McKinney-Vento Liaison unless the McKinney-Vento Liaison has sufficient ability to carry out the responsibilities of both roles.

The Foster Care Liaison will work collaboratively with representatives from the LDSS.

The District will ensure that the name and contact information for the Foster Care Liaison are:

- a) Submitted to SED;
- b) Provided, in writing, to the point of contact for any LDSS known by the District to have students in its custody; and
- c) Posted on the District website.

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

Designation of School District and School

The LDSS, in consultation with the appropriate local educational agency or agencies, will determine whether placement in the school district of origin or the school district of residence is in the best interest of a student in foster care. Provided that the District is an appropriate local educational agency, the District will work with the LDSS to make the best interest determination as quickly as possible in order to prevent educational discontinuity for the student. If the student has an Individualized Education Program (IEP), a Section 504 plan, or is an English language learner, relevant school staff may be consulted during the best interest determination process.

To the extent feasible and appropriate, the student should remain in his or her school of origin while the best interest determination is being made.

Subject to a best interest determination, a student in foster care is entitled to attend the school of origin or any school that children and youth who live in the attendance area in which the foster care placement is located are eligible to attend, including a preschool, for the duration of the student's placement in foster care and until the end of the school year in which he or she is no longer in foster care, and for one additional year if that year constitutes the student's terminal year in that building.

Where the school district of origin or school of origin that a student was attending on a tuition-free basis, or was entitled to attend when the student entered foster care is located, in New York State and the student's foster care placement is located in a contiguous state, the student is entitled to attend his or her school of origin or any school that children and youth who live in the attendance area in which the foster care placement is located are eligible to attend, including a preschool, subject to a best interest determination, for the duration of the student's placement in foster care and until the end of the school year in which he or she is no longer in foster care, and for one additional year if that year constitutes the student's terminal year in such building.

Responsibilities When Designated as the School District of Attendance

If the District is designated as the school district of attendance for a student in foster care, the District will immediately:

- a) Enroll the student in foster care, even if the student is unable to produce records which are normally required for enrollment, such as previous academic records, records of immunization and/or other required health records, proof of residency or other documentation and/or even if the student has missed application or enrollment deadlines during any period of placement in foster care, if applicable;
- b) Treat the student in foster care as a resident for all purposes; and

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

- c) Make a written request to the school district where the student's records are located in order to obtain a copy of the student's records and coordinate the transmittal of these records in accordance with applicable laws and regulations.

Request for Records

Within five days of receipt of a request for school records from a new school, the District will forward, in a manner consistent with federal and state law, a complete copy of the records of the student in foster care, including, but not limited to: proof of age; academic records; evaluations; immunization records; and guardianship papers (if applicable).

Tuition Reimbursement

Except as otherwise provided in law or regulation, the cost of instruction of a student in foster care will be borne by the school district of origin. Where a district other than the school district of origin is designated as the school district of attendance, the cost of instruction will be borne by the school district of origin and the tuition paid to the designated school district of attendance will be computed in accordance with applicable laws and regulations.

Transportation Responsibilities

Any student in foster care who requires transportation in order to attend his or her school of origin, is entitled to receive that transportation.

As appropriate, the District will coordinate and collaborate with the LDSS to make an appropriate transportation plan that supports the student's school stability plan and is fair to the District's taxpayers, consistent with the District's obligations under federal and state law.

When the District is the designated school district of attendance, and the student requires transportation to attend his or her school of origin, the District will provide transportation to and from the student's foster care placement location and the school of origin. The costs for transportation may be aidable pursuant to applicable laws and regulations.

When the District is the school district of residence and the designated school district of attendance, and the student does not attend his or her school of origin, the District will provide transportation on the same basis as provided to resident students. The costs for transportation may be aidable pursuant to applicable laws and regulations.

When transporting students in foster care, the District may incur excess transportation costs, as defined by law. The District and the LDSS may enter into a written agreement relating to how excess transportation costs should be funded, consistent with applicable laws and regulations. Absent such an

agreement, excess transportation costs incurred by the District will be shared equally between the LDSS responsible for the foster care costs of the student and the designated school district of attendance. The District and the LDSS will consider and utilize all allowable funding sources, including any available federal funds, to cover excess transportation costs.

Where a student in foster care has been placed in foster care in a contiguous state, and the District is the designated district of attendance, the District will collaborate with the LDSS to arrange for transportation.

Where the School of Origin is a Charter School

Where the school of origin is a charter school, the school district designated as the school district of attendance for a student in foster care will be deemed to be the school district of residence for the student for purposes of fiscal and programmatic responsibility and will be responsible for transportation of the student in foster care. If the designated school district of attendance is not the school district of origin, the designated school district of attendance may seek reimbursement from the school district of origin in accordance with applicable laws and regulations.

Dispute Resolution Process

To the extent feasible and appropriate, the District will ensure that a student in foster care remains in his or her school of origin while any dispute is being resolved in order to minimize disruptions and reduce the number of moves between schools.

Coordination with Other Agencies

The District will coordinate the provision of services described in this policy, as appropriate, with agencies or programs providing services to students in foster care.

The District will coordinate with other school districts on inter-district issues, such as transportation or transfer of school records.

The District will coordinate implementation of the above provision of services with the requirements of IDEA for students with disabilities.

Comparable Services

Each student in foster care will be provided services comparable to other students in the school of attendance, including: transportation services; educational services for which the student meets eligibility criteria; educational programs for students with disabilities; educational programs for English learners; programs in career and technical education; programs for gifted and talented students; and school nutrition programs.

Student Privacy

As appropriate, the District will collaborate with SED and/or the LDSS to determine what documentation related to a student in foster care should be shared among involved parties. In all cases, the District will comply with all statutory requirements to protect student privacy, including the Family Educational Rights and Privacy Act (FERPA) and any other applicable privacy requirements under federal, state, or local laws.

SUBJECT: PARTICIPATION IN GRADUATION CEREMONIES AND ACTIVITIES

Any student who has satisfactorily completed all graduation requirements will be permitted to participate in the graduation ceremony and all related graduation activities.

The District permits any student to participate in the graduation ceremony and all related graduation activities of his or her high school graduating class, if the student has been awarded a Skills and Achievement Commencement Credential or a Career Development and Occupational Studies (CDOS) Commencement Credential, but has not otherwise qualified to receive a Regents or local diploma. While permitted to participate, these students are not required to participate in the graduation ceremony or related graduation activities of his or her high school graduating class. For purposes of this policy, a student's high school graduating class is the twelfth grade class with which he or she entered into ninth grade.

The District will provide annual written notice of this policy and any related procedures to all students and their parents or guardians.

Education Law § 3204(4-b)

Students

SUBJECT: DIPLOMA OR CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES

The District will provide students with disabilities appropriate opportunities to earn a diploma or other exiting commencement credential in accordance with Commissioner's regulations. During the student's annual review, the District will evaluate graduation opportunities and identify the means to achieve them. As part of this process, the District:

- a) Will coordinate activities with guidance personnel and BOCES staff to ensure that students meet credit and sequence requirements, and to consider them for vocational opportunities.
- b) May modify instructional techniques and materials. Any modifications will be included on a student's Individualized Education Program (IEP) so that they can be implemented consistently throughout the student's program.
- c) Will review special education instructional programs to ensure equivalency with the same courses taught in the general education program.
- d) Will coordinate communication between special and general education staff so that all staff members understand required skills and competencies, and to establish equivalency of instruction in special education classes.

Graduation and transition plans will take into account the various pathways available to these students. For students with IEPs, the District will plan transition services for post-secondary life as early as possible, but no later than the school year in which the student turns age 15. Transition activities will focus on improving both the student's academic and functional achievement. The plan will explore post-secondary opportunities and employment options and, if applicable, connection with adult service agencies that may provide the student with services after exiting school.

The District may award these diplomas or credentials, or both:

- a) Local diploma: available to students with an IEP or a Section 504 accommodation plan that specifies a local diploma. Students must comply with credit requirements. The available assessments to earn a local diploma include:
 1. Low-pass safety net option: students must achieve a score of 55 or higher on five required Regents exams.
 2. Low-pass safety net and appeal: available to students who score 52-54 on up to two Regents exams, successfully appeal those scores, and meet other applicable conditions.
 3. Regents Competency Test (RCT) safety net option: a student who enters grade 9 before September 2011 must pass a corresponding RCT if he or she does not attain a score of 55 or higher on the Regents examination.

(Continued)

SUBJECT: DIPLOMA OR CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES (Cont'd.)

4. Compensatory safety net option: except for scores on ELA and math exams, students may use one Regents exam score of 65 or above to compensate for a Regents exam score of 45-54. Students must score at least 55 (or successfully appeal a score of 52-54) on both the ELA and a math exam.
 5. Superintendent's determination: students who are unable to demonstrate their proficiency on standard state assessments because of one or more disabilities may be able to graduate upon the Superintendent's review and written certification of their eligibility. The Superintendent will make a determination after receiving a written request from an eligible student's parent or guardian. (Students with a Section 504 accommodation plan may not use this option.)
- b) Career Development and Occupational Studies Commencement Credential (CDOS): any student who is not assessed using the New York State Alternate Assessment (NYSAA) may earn the CDOS Commencement Credential as a supplement to a Regents or local diploma or as his or her only exiting credential if the student attended school for at least 12 years, excluding kindergarten. The student must meet criteria specified by the State Education Department confirming that he or she has attained the standards-based knowledge, skills, and abilities necessary for entry-level employment.
 - c) Skills and Achievement (SA) Commencement Credential: students with severe disabilities who are assessed using the NYSAA may earn the SA Commencement Credential. They must attend school for at least 12 years, excluding kindergarten. The District must document the student's skills, strengths, and levels of independence in academic, career development, and foundation skills needed for post-secondary life.

Graduation

~~The District allows any student with a disability to participate in the graduation ceremony of his or her school graduating class and all related graduation activities if the student:~~

- ~~a) Met the eligibility requirement for an SA or CDOS commencement credential;~~
- ~~b) Has not otherwise qualified to receive a Regents or local diploma; and~~
- ~~c) Has an IEP that prescribes special education, transition planning, transition services, or related services beyond the student's four academic years after entering high school.~~

Personnel

SUBJECT: TEMPORARY PERSONNEL

The District's needs sometimes require temporary appointments. The terms of these appointments will be defined by the Board on a case-by-case basis.

Student Teachers

The District will cooperate with teacher training institutions in the placement of student teachers to provide beginning teachers with the best possible student teaching experience.

Schools are required to allow student teachers to videotape themselves providing instruction in a classroom to meet part of their performance assessment requirements for teaching certification. The video must remain confidential, is a confidential record of the New York State Education Department (SED), and is not subject to viewing or disclosure to an individual or entity other than the student teacher applicant and relevant SED personnel.

~~Student teachers will be protected from liability for negligence or other acts resulting in accidental injury to any person by the District, as provided by law.~~

Substitute Teachers

The Superintendent will employ appropriately qualified substitute teachers. A substitute teacher is employed in the place of a regularly appointed teacher who is absent, but is expected to return.

The Board will annually establish the rate for per diem substitute teachers.

~~A fully qualified substitute teacher will be employed, whenever possible, by the Superintendent in the absence of a regular teacher. It is recognized that fully certified persons will not always be available for employment as substitute teachers.~~

Eligibility for Service

~~There are three categories of substitutes:~~

- ~~a) Substitutes with valid teaching certificates or certificates of qualification may serve in any capacity for any number of days. If employed on more than an itinerant basis, these substitutes will be employed in their certification area.~~
- ~~b) Substitutes without a valid certificate, but who are completing collegiate study towards certification at the rate of not less than six semester hours per year may serve in any capacity for any number of days, in any number of school districts. If employed on more than an itinerant basis, these substitutes will be employed in their anticipated certification area.~~
- ~~c) Substitutes without a valid certificate and who are not working toward certification may serve for no more than 40 days per school year. In extreme circumstances—where there is an urgent need for a substitute teacher—however, the District may employ this substitute teacher beyond the 40 day limit, for up to an additional 50 days (90 days total in a school year), if the Superintendent certifies that the District conducted a good faith recruitment~~

~~search and there are no certified teachers available who can perform the duties of the position.~~

New York State recognizes the following three categories of substitute teachers:

- a) Substitutes with valid NYS teaching certificates or certificates of qualification. A substitute teacher in this category may be employed in any capacity, for any number of days, in any number of school districts. However, if employed for more than 40 days by a school district in any given school year, the substitute teacher must be employed in the area for which they are certified.
- b) Substitutes without a valid NYS certificate, but who are completing collegiate study toward NYS certification at the rate of not less than six semester hours per year. A substitute teacher in this category may be employed in any capacity, for any number of days, in any number of school districts. However, if employed for more than 40 days by a school district in any given school year, the substitute teacher must be employed in the area for which they are seeking certification.
- c) Substitutes without a NYS valid certificate and who are not working towards NYS certification. A substitute teacher in this category may be employed in any capacity, but is limited to 40 days in one school district in any school year.

~~**SUBJECT: TEMPORARY PERSONNEL (Cont'd.)**~~

~~In even more rare circumstances, the District may hire this substitute teacher beyond the 90 days only if the Superintendent attests that the District conducted a good faith recruitment search, but there are still no certified teachers available who can perform the duties of the position and that the District needs a particular substitute teacher to work with a specific class or group of students until the end of the school year.~~

~~The Board will annually establish the rate for per diem substitute teachers.~~

~~Reporting~~

~~—The Superintendent will submit an annual report to the Commissioner concerning the employment of all uncertified teachers. The report will include:~~

- ~~a) The number of substitute teachers authorized to be employed beyond the 40-day limit.~~
- ~~b) The number of substitute teachers authorized to be employed beyond the 90-day limit.~~
- ~~c) The required good faith recruitment certifications for all teachers employed beyond the 40-day and 90-day limits.~~

SUBJECT: ALCOHOL, TOBACCO, DRUGS, AND OTHER SUBSTANCES

The Board recognizes that the misuse of alcohol, drugs, tobacco, electronic cigarettes (e-cigarettes), and other illegal substances is a serious problem with legal, physical, emotional, and social implications for our students, as well as the entire community. Therefore, the consumption, sharing, selling, use, or possession of alcoholic beverages, tobacco products, e-cigarettes, illegal drugs, counterfeit and designer drugs, or paraphernalia for the use of these drugs is prohibited at any school-sponsored function, on school grounds, and on school buses at all times. The unauthorized use or misuse of prescription and over-the-counter drugs, vitamins, supplements, herbs, or other similar substances is also prohibited.

Students are not permitted to be under the influence of alcohol or other prohibited substances on school grounds or at school-sponsored events. A school-sponsored function includes a school sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place.

Smoking

~~Smoking is not permitted and no person is permitted to smoke within 100 feet of the entrance, exits, or outdoor areas of any public or private elementary or secondary schools. However, this prohibition does not apply to smoking in a residence or within the real property boundary lines of residential real property. Similarly, the use of e-cigarettes is prohibited on school grounds, as defined in Public Health Law.~~

Non-Medical Use of Prescription Drugs

Non-medical use of prescription drugs is prohibited. If a student is found to be in possession of these substances, he or she will be disciplined in accordance with the District *Code of Conduct*.

Disciplinary Measures

Disciplinary measures for students consuming, sharing, selling, using, or possessing alcoholic beverages, tobacco products, e-cigarettes, illegal drugs, counterfeit and designer drugs, or paraphernalia for the use of these drugs are outlined in the District *Code of Conduct*.

SUBJECT: PROCUREMENT: UNIFORM GRANT GUIDANCE FOR FEDERAL AWARDS

The District will follow all applicable requirements in the Uniform Grant Guidance (2 CFR Part 200) whenever it procures goods or services using federal grant funds awarded through formula and/or discretionary grants, including funds awarded by the United States Department of Education as grants or funds awarded to a pass-through entity, such as the New York State Education Department, for subgrants.

Uniform Grant Guidance Requirements

Under the Uniform Grant Guidance, the District will, among other things:

- a) Use its own documented procurement procedures which reflect applicable state, local and tribal laws and regulations, provided that the procurements conform to applicable federal law and the standards identified in the Uniform Grant Guidance.
- b) Establish and maintain effective internal controls that provide reasonable assurance that the District is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. Internal controls means a process, implemented by the District, designed to provide reasonable assurance regarding the achievement of objectives in the following categories:
 1. Effectiveness and efficiency of operations;
 2. Reliability of reporting for internal and external use; and
 3. Compliance with applicable laws and regulations.
- c) Comply with federal statutes, regulations, and the terms and conditions of the federal awards.
- d) Evaluate and monitor the District's compliance with statutes, regulations, and the terms and conditions of federal awards.
- e) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.
- f) Take reasonable measures to safeguard protected personally identifiable information and other information the federal awarding agency or pass-through entity designates as sensitive or the District considers sensitive consistent with applicable federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.
- g) Maintain oversight to ensure contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(Continued)

SUBJECT: PROCUREMENT: AWARDS (Cont'd.) **UNIFORM GRANT GUIDANCE FOR FEDERAL**

- h) Maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts.
- i) Have procurement procedures in place to avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase.
- j) Award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to matters such as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.
- k) Maintain records that sufficiently detail the history of the procurement including, but not limited to:
 - 1. Rationale for the method of procurement;
 - 2. Selection of contract type;
 - 3. Contractor selection or rejection; and
 - 4. The basis for the contract price.
- l) Use time and material contracts, only after a determination that no other contract is suitable and the contract includes a ceiling price that the contractor exceeds at its own risk.
- m) Conduct all procurement transactions in a manner providing full and open competition consistent with the standards of the Uniform Grant Guidance.
- n) Conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable federal statutes expressly mandate or encourage geographic preference.
- o) Have written procedures for procurement to ensure that all solicitations:
 - 1. Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured; and
 - 2. Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids.

(Continued)

SUBJECT: PROCUREMENT: AWARDS (Cont'd.) **UNIFORM GRANT GUIDANCE FOR FEDERAL**

- p) Ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition.
- q) Use one of the following methods of procurement, which include:
 - 1. Micro-purchases;
 - 2. Small purchase procedures;
 - 3. Sealed bids;
 - 4. Competitive proposals; and
 - 5. Noncompetitive proposals.
- r) Have a written method for conducting technical evaluations of the proposals received and for selecting recipients.
- s) Take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.
- t) Include in all contracts made by the District the applicable provisions contained in Appendix II of the Uniform Grant Guidance -- Contract Provisions for Non-Federal Entity Contracts Under Federal Awards.
- u) Perform a cost or price analysis in connection with every procurement action in excess of the Simplified Acquisition Threshold including contract modifications.
- v) Negotiate profit as a separate element of the price for each contract in which there is not price competition and in all cases where an analysis is performed.
- w) Comply with the non-procurement debarment and suspension standards which prohibit awarding contracts to parties listed on the government-wide exclusions in the System for Award Management (SAM).

SUBJECT: PETTY CASH FUNDS AND CASH IN SCHOOL BUILDINGS

Petty Cash Funds

A petty cash fund of not more than one hundred dollars (\$100) shall be maintained in the District office Office in a secure location. Payments from petty cash funds may be made for materials, supplies or services only when payment is required upon delivery. At the time of reimbursement, an itemized statement of expenditures, together with substantiating receipts, shall be submitted. Such accounts shall be authorized by Board resolution at their annual meeting.

Appropriate regulations shall be developed for implementation of this policy.

Cash in School Buildings

Not more than two hundred fifty dollars (\$250), whether District or extraclassroom funds, shall be held in the vault in the Main Office of each District school building. Under no circumstances shall cash be left in classroom areas or desks. The District will not be responsible for funds left unprotected.

All funds, whether District or extraclassroom funds, shall be deposited prior to close of school each week. Only authorized personnel designated by the building administrator shall be allowed in the Main Office vault.

- a) ~~He or she will a~~Acquainting District employees with the final provisions of the program budget and guiding them in planning to operate efficiently and economically within these provisions.
- b) **Providing direction to the District in maintaining**~~Under his or her direction, the District will maintain~~ those records of accounting control as are required by the New York State Uniform System of Accounts for School Districts, the Board, and other procedures, as are deemed necessary.
- c) ~~He or she will k~~Keeping the various operational units informed through periodic reports as to the status of their individual budgets.

~~e) — Board approval is required prior to the expenditure of District funds.~~

Unless otherwise provided by law, no claim against the District will be paid unless such claims have been audited and approved by the Claims Auditor.

Budget Transfers

Within monetary limits as established by the Board, the Superintendent is authorized to transfer funds within the budget. Whenever changes are made, they are to be incorporated in the next Board agenda for informational purposes only.

Statement of the Total Funding Allocation

When required by law, the District will annually submit, prior to July 1, to the Commissioner of Education and the Director of the Budget a detailed statement of the total funding allocation for each school in the District for the upcoming school budget year. This statement will be in a form developed by the Director of the Budget, in consultation with the Commissioner of Education. This statement will be made publicly available and posted on the District website.

SUBJECT: REGISTRATION AND PROFESSIONAL DEVELOPMENT**Registration**

All employees who are certificate holders holding a lifetime certificate in classroom teaching, teaching assistant, or educational leadership service (school building leader, school district leader, or school district business leader) must register with the State Education Department (SED) every five years through the TEACH system. An employee is a certificate holder if he or she holds a permanent or professional certificate in the classroom teaching service, a permanent or professional certificate in the educational leadership service (i.e., school building leader, school district leader, or school district business leader), or a Level III Teaching Assistant certificate. Only registered employees may teach or supervise in the District.

~~Teachers and administrators with a permanent, professional, or a Level III teaching assistant certificate issued before July 1, 2016 must apply for initial registration during the 2016-2017 school year during their birth month. These certificate holders must thereafter renew their registration every five years during their birth month.~~

~~Teachers and administrators with a professional or a Level III teaching assistant certificate issued on or after July 1, 2016 will be automatically registered. These certificate holders must thereafter renew their registration every five years during their birth month.~~

~~Certificate holders who do not timely register may not be employed and may be subject to monthly late fees after the first, transitional five-year registration period. Employees who change their name or address must also update SED within 180 days through the TEACH system. Employees who were certificate holders prior to July 1, 2016 had to apply for initial registration during the 2016-2017 school year and each subsequent five-year period thereafter.~~

Any individual who is issued a new certificate is automatically registered with SED. These certificate holders must renew their registration every five years during their birth month.

Any certificate holder who fails to register by the beginning of the appropriate registration period may be subject to late filing penalties.

Certificate holders must notify SED of any change of name or mailing address within 30 days of such change through the TEACH system. Any certificate holder who willfully fails to inform SED of changes to his or her name and/or address within 180 days of such change may be subject to moral character review.

Continuing Teacher and Leader Education (CTLE) Credit Hours

All continuing teacher and leader education certificate holders (CTLE certificate holders) ~~District teachers and educational leaders with a professional or Level III teaching assistant certificate~~ must successfully complete a minimum of 100 hours of acceptable CTLE hours during each five-year registration period to maintain a valid certificate. An employee is a CLTE certificate holder if he or she holds a professional certificate in the classroom teaching service, a professional certificate in educational leadership service, or a Level III Teaching Assistant certificate. This requirement may

be completed at any time over the course of a five-year period. Credit hours cannot carry over; ~~however,~~ to subsequent registration periods.

SED sets high standards for courses, programs, and activities that qualify for CTLE credit, and it must approve all CTLE sponsors. Generally, acceptable CTLE will be in the content area of any certificate title held by an individual or in pedagogy. Further, the CTLE will be aligned with professional development standards created by the New York Professional Standards and Practices Board for Teaching.

(Continued)

SUBJECT: REGISTRATION AND PROFESSIONAL DEVELOPMENT (Cont'd.)

The District will describe opportunities for teachers and administrators to engage in CTLE in its Professional Development Plan. The District will annually certify, in a form and on a time table prescribed by the Commissioner of Education, that the requirements to have a professional development plan for the succeeding school year have been met and that it has complied with the professional development plan for the current school year. The District will provide CTLE opportunities that are designed to improve the teacher or leader's pedagogical and/or leadership skills and are targeted at improving student performance, among other things ~~and the teacher's or administrator's pedagogical or leadership skills, and that promote professionalism~~. A peer-review teacher or principal acting as an independent trained evaluator who conducts a classroom observation as part of a teacher evaluation under relevant sections of the Education Law may apply the observation time to fulfilling CTLE requirements. Time spent mentoring may also be counted toward required CTLE credit hours.

Language Acquisition CTLE and Exemption

Employees holding an English to speakers of other languages (all grades) certificate or a bilingual extension ~~annotations~~ are required to complete ~~50 CTLE~~ a minimum of 50 percent of the required CTLE hours in language acquisition aligned with the core content area of instruction taught, including a focus on best practices for co-teaching strategies, and integrating language and content instruction for English Language Learner (ELL) students. All other certificate holders must complete a minimum of 15 percent of the required hours ~~at least 15 CTLE hours~~ dedicated to language acquisition addressing the needs of ELLs, including a focus on best practices for co-teaching strategies and integrating language and content instruction for ELLs. ~~Employees holding a Level III teaching assistant certificate must complete~~ A minimum of 15 percent of the required CTLE hours ~~at least 15 CTLE hours in~~ for employees holding a Level III Teaching Assistant certificate will be dedicated to language acquisition addressing the needs of ELLs and integrating language and content instruction for ELLs.

Employees holding school district business leader certificates are exempt from the language acquisition CTLE requirements for each year that they are employed in the District. Instead, they must complete a minimum of 15 percent of the required CTLE hours dedicated to the needs of ELLs and federal, state, and local mandates for ELLs.

Employees may be eligible for a waiver of language acquisition CTLE requirements. Each school year when there are fewer than 30 ELL students enrolled in the District or ELLs make up less than 5% of the total student population, the District may obtain an exemption. If the District obtains this exemption, employees would be exempt from the language acquisition CTLE requirement for each year that they are employed in the District.

CTLE Adjustments

The Commissioner may adjust an employee's number of CTLE hours and/or time to complete them due to poor health, as certified by a health-care provider; extended active duty in the Armed Forces; or other acceptable good cause.

SUBJECT: REGISTRATION AND PROFESSIONAL DEVELOPMENT (Cont'd.)

Any employee holding a certificate in the classroom teaching service who obtains certification from the National Board for Professional Teaching Standards will be considered CTLE-compliant for the registration period in which he or she obtains this certification. The employee must still meet any language acquisition requirements, however.

Recordkeeping and Reporting Requirements

Employees must maintain a record of completed CTLE hours for at least three years from the end of the applicable registration period. The record must include the title of the program, the total number of hours completed, the number of hours completed in language acquisition addressing the need of ELLs, the sponsor's name, any identifying number, attendance verification, and the date and location of the program.

The District will maintain a record of any professional development it conducts or provides for at least seven years from the date of completion. The District will submit to SED, in a form and timetable prescribed by SED, information concerning the completion of professional development for regularly employed certificate holders. ~~also submit all required reports to SED each year.~~

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION

A parent of a minor or incapacitated person may designate another person as a person in parental relation to that minor or incapacitated person for certain health care and educational decisions for a period not exceeding ~~six~~12 months. However, this parental designation is conditioned upon there being no prior order of any court in any jurisdiction currently in effect that would prohibit the parent from exercising the same or similar authority; and provided further that, in the case where a court has ordered that both parents must agree on education or health decisions regarding the child, a designation in accordance with this law will not be valid unless both parents have given their consent.

The designation of a person in parental relation must be in writing in the form prescribed by law, and must include specified information as set forth in law for designations of 30 days or less, as well as additional information required for designations of more than 30 days. The designation of a person in parental relation may be presented to any school that requires the designation by either the parent or designee. The designation may specify a period of time less than ~~six~~12 months for which the designation will be valid unless earlier revoked by the parent in accordance with law. However, a designation specifying a period of more than 30 days must be notarized.

If no time period is specified in the designation, it will be valid until the earlier of:

- a) Revocation; or
- b) The expiration of 30 days from the date of signature if the designation does not meet the requirements for designations of more than 30 days; or
- c) ~~Six~~Twelve months from the date of commencement specified in the designation if the designation meets the requirements for designations of more than 30 days.

Scope of Designation

A designation made in accordance with this law may specify:

- a) The treatment, diagnosis, or activities for which consent is authorized;
- b) Any treatment, diagnosis, or activity for which consent is not authorized; or
- c) Any other limitation on the duties and responsibilities conveyed by the designation.

Form of DesignationDesignations in General

A designation of a person in parental relation in accordance with this law must be in writing and include:

- a) The name of the parent;
- b) The name of the designee;

(Continued)

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION (Cont'd.)

- c) The name of each minor or incapacitated person with respect to whom the designation is made;
- d) The parent's signature; and
- e) The date of the signature.

The designation may specify a period of time less than ~~six~~12 months for which the designation will be valid unless earlier revoked by the parent in accordance with Section 5-1554 of General Obligations Law. However, any designation specifying a period of more than 30 days must also conform to the following provisions as set forth in law.

Designations for More Than 30 Days

A designation specifying a period of more than 30 days must also include:

- a) An address and telephone number where the parent can be reached;
- b) An address and telephone number where the designee can be reached;
- c) The date of birth of each minor or incapacitated person with respect to whom the designation is made;
- d) The date or contingent event on which the designation commences;
- e) The written consent of the designee to the designation; and
- f) A statement that there is no prior order of any court in any jurisdiction currently in effect prohibiting the parent from making the designation.

A designation specifying a period of more than 30 days must be notarized.

Revocation of Designation

A parent may revoke a designation by notifying, either orally or in writing, the designee or the school to which the designation has been presented, or by any other act evidencing a specific intent to revoke the designation. A designation will also be revoked upon the execution by the parent of a subsequent designation. Revocation by one parent authorized to execute a designation will be deemed effective and complete revocation of a designation in accordance with law.

A designee who receives notification from a parent of any revocation must immediately notify any school to which a designation has been presented. A parent may directly notify the school of the revocation. The failure of the designee to notify the school of the revocation will not make the revocation ineffective.

(Continued)

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION (Cont'd.)**Effect of Designation**

- a) A designee will possess all the powers and duties of a person in parental relation unless otherwise specified in the designation.
- b) A designation will not impose upon a designee a duty to support the child.
- c) A designation will not cause a change in the school district of residence of the child for purposes of the Education Law, and during the period of validity of the designation, the child will be presumed to be a resident of the school district in which the parent resided at the time the designation was made.
- d) A designation will terminate and be revoked upon the death or incapacity of the parent who signed the designation.
- e) The decision of a designee will be superseded by a contravening decision of a parent.

A person who acts based upon the consent of a designee reasonably, and in the good faith belief that the parent has authorized the designee to provide the consent, will not be deemed to have acted negligently, unreasonably, or improperly in accepting the designation and acting upon the consent. However, this person may be deemed to have acted negligently, unreasonably, or improperly if he or she has knowledge of facts indicating that the designation was never given, or did not extend to an act or acts in question, or was revoked.

No provision of General Obligations Law Title 15-A will be construed to require designation of a person in parental relation where the designation is not otherwise required by law, rule, or regulation.

SUBJECT: STUDENT PHYSICALS**Health Examination and Certificate**Health Examination

Each student enrolled in a District school must have a satisfactory health examination conducted by a duly licensed physician, physician assistant, or nurse practitioner within 12 months prior to the commencement of the school year of the student's entrance into:

- a) A District school at any grade level;
- b) Pre-kindergarten or kindergarten; and
- c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The District may also require an examination and health history of a student when it is determined by the District that it would promote the educational interests of the student.

The District will also provide health examinations before participation in strenuous physical activity and periodically throughout the season as necessary, as well as for the issuance of employment certificates, vacation work permits, newspaper carrier certificates, and street trades badges.

Health Certificate

Each student must submit a health certificate attesting to the health examination within 30 calendar days after his or her entrance into:

- a) A District school at any grade level;
- b) Pre-Kindergarten or kindergarten; and
- c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The building principal or designee will send a notice to the parent of, or person in parental relation to, any student who does not present a health certificate, that if the required health certificate is not furnished within 30 calendar days from the date of the notice, an examination by health appraisal will be made of the student by the Director of School Health Services.

The health certificate will be filed in the student's cumulative record. The health certificate must:

- a) Be on a form prescribed by the Commissioner;

SUBJECT: STUDENT PHYSICALS (Cont'd.)

- b) Describe the condition of the student when the examination was given, provided that such examination was not given more than 12 months prior to the commencement of the school year in which the examination is required;
- c) State the results of any test conducted on the student for sickle cell anemia;
- d) State whether the student is in a fit condition of health to permit his or her attendance at a District school and, where applicable, whether the student has impaired sight or hearing, has received a scoliosis screening, or has any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of such work to prevent injury to the student;
- e) State the student's body mass index (BMI) and weight status category; and
- f) Be signed by a duly licensed physician, physician assistant, or nurse practitioner, who is:
 - 1. Authorized by law to practice in New York State consistent with any applicable written practice agreement; or
 - 2. Authorized to practice in the jurisdiction in which the examination was given, provided that the Commissioner has determined that the jurisdiction has standards of licensure and practice comparable to those of New York State.

A licensed health professional with appropriate training may conduct a scoliosis screening.

Dental Health Certificate

The District will request a dental health certificate from each student **at the same time that health certificates are required.**~~within 30 calendar days after his or her entrance into:~~

- ~~a) — A District school at any grade level; and~~
- ~~b) — 1st, 3rd, 5th, 7th, and 9th grades.~~

The District may also request an assessment and dental health history of a student when it is determined by the District that it would promote the educational interests of the student.

A notice of request for a dental health certificate will be distributed at the same time that the parent or person in parental relation is notified of health examination requirements. The notice of request for a dental health certificate will list dental practices, dentists, and registered dental hygienists to which students may be referred for dental services on a free or reduced cost basis upon request of the student's school.

SUBJECT: STUDENT PHYSICALS (Cont'd.)

The dental health certificate will be filed in the student's cumulative record. The dental health certificate must:

- a) Describe the dental health condition of the student when the assessment was given, provided that the assessment was not given more than 12 months prior to the commencement of the school year in which the assessment is requested; and
- b) State whether the student is in fit condition of dental health to permit his or her attendance at a District school; and
- c) Be signed by a duly licensed dentist, or a registered dental hygienist, who is:
 1. Authorized by law to practice in New York State, and consistent with any applicable written practice agreement; or
 2. Authorized to practice in the jurisdiction in which the assessment was performed, provided that the Commissioner has determined that the jurisdiction has standards of licensure and practice comparable to New York State.

Examination by Health Appraisal

The Director of School Health Services will cause students who are required to, but have not submitted, the required health certificate and students with disabilities to be separately and carefully examined and tested to ascertain whether any student has impaired sight or hearing, or any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of work to prevent injury to the student.

Each examination will include a calculation of the student's BMI and weight status category. Further, the physician, physician assistant, or nurse practitioner administering the examination will determine whether a one-time test for sickle cell anemia is necessary or desirable and, if so determined, will conduct the test and include the results in the health certificate.

Unless otherwise prohibited by law, if it is ascertained that a student has impaired sight or hearing, or a physical disability or other condition, including sickle cell anemia, the building principal or designee will notify, in writing, the student's parent or person in parental relation as to the existence of the disability. If the parent or person in parental relation is unable or unwilling to provide the necessary relief and treatment for the student, it will be reported by the building principal or designee to the Director of School Health Services, who then has the duty to provide relief for the student.

SUBJECT: STUDENT PHYSICALS (Cont'd.)District Reporting of BMI and Weight Status Category

Each school year, the New York State Department of Health randomly selects a certain number of districts across New York State to report, in the aggregate, students' BMI and weight status categories. Selected districts must report BMI results on-line using the Department of Health's Health Provider Network secure website. A student's parent or person in parental relation may refuse to have the student's BMI and weight status category included in such survey.

Health Screenings

The District will provide a:

- a) Scoliosis screening, if not documented on the student's health certificate, at least once each school year for male students in grade 9, and for female students in grades 5 and 7. The positive results of any scoliosis screening examination will be provided in writing to the student's parent or person in parental relation within 90 calendar days after the finding;
- b) Vision screening, if not documented on the student's health certificate, to all students within six months of admission to a District school. The vision screening will test the student's color perception, distance acuity, and near vision. In addition, all students will be screened for distance acuity and near vision in grades pre-kindergarten or kindergarten, 1, 3, 5, 7, and 11, as well as at any other time deemed necessary. The results of all vision screening examinations will be provided in writing to the student's parent or person in parental relation and to any teacher of the student while the student is enrolled in the District school; and
- c) Hearing screening, if not documented on the student's health certificate, to all students within six months of admission to a District school. In addition, all students will receive a hearing screening in grades pre-kindergarten or kindergarten, 1, 3, 5, 7, and 11, as well as at any other time deemed necessary. Each hearing screening will include, but not be limited to, pure tone screening. The results of any hearing tests requiring a follow-up examination will be provided in writing to the student's parent or person in parental relation and to any teacher of the student while the student is enrolled in the District school.

The results of all health screenings will be recorded in the student's cumulative health record which will be maintained by the school for at least as long as the minimum retention period for such records.

Student Health Records

The health records of individual students will be kept confidential in accordance with the federal Family Educational Rights and Privacy Act (FERPA) and any other applicable federal and state laws.

SUBJECT: STUDENT PHYSICALS (Cont'd.)**Accommodation for Religious Beliefs**

No health examinations, health history, examinations for health appraisal, screening examinations for sickle cell anemia and/or other health screenings will be required where a student or the parent or person in parental relation to that student objects on the grounds that the examinations, health history, and/or screenings conflict with their genuine and sincere religious beliefs. A written and signed statement from the student or the student's parent or person in parental relation that the person holds these beliefs must be submitted to the building principal or designee, in which case he or she may require supporting documents.

Students in Temporary Housing

For students in temporary housing (i.e., homeless children and youth), the enrolling school must immediately refer the parent or guardian of the student to the District's McKinney-Vento liaison, who will assist them in obtaining the necessary medical records.

SUBJECT: CONCUSSION MANAGEMENT

The Board recognizes that concussions and head injuries are the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The physical and mental well-being of District students is a primary concern. As such, the District supports the proper evaluation and management of concussion injuries.

A concussion is a mild traumatic brain injury (MTBI) that occurs when normal brain functioning is disrupted by a blow or jolt to the head or body that causes the head and brain to move rapidly back and forth. Recovery from concussion and its symptoms will vary. Avoiding re-injury and over-exertion until fully recovered are the cornerstones of proper concussion management.

Concussion Management Team (CMT)

The District is authorized, at its discretion, to establish a Concussion Management Team (CMT) which may be composed of the certified athletic director, a school nurse, the school physician, a coach of an interscholastic team, a certified athletic trainer or such other appropriate personnel as designated by the District. The CMT will oversee and implement the District's concussion policy, including the requirement that all school coaches, physical education teachers, nurses, and certified athletic trainers who work with and/or provide instruction to pupils engaged in school-sponsored athletic activities complete training relating to MTBIs. Furthermore, every CMT may establish and implement a program which provides information on MTBIs to parents and persons in parental relation throughout each school year.

Staff Training/Course of Instruction

Each school coach, physical education teacher, school nurse, and certified athletic trainer who works with and/or provides instruction to students in school-sponsored athletic activities will complete a course of instruction every two years relating to recognizing the symptoms of concussions or MTBIs and monitoring and seeking proper medical treatment for students who suffer from a concussion or MTBI.

Components of the training will include:

- a) The definition of MTBI;
- b) Signs and symptoms of MTBI;
- c) How MTBIs may occur;
- d) Practices regarding prevention; and
- e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

(Continued)

Students

SUBJECT: CONCUSSION MANAGEMENT (Cont'd.)

The course can be completed by means of instruction approved by State Education Department (SED) which include, but are not limited to, courses provided online and by teleconference. The CMT will utilize [the District's existing system](#) to document all required training and professional development for District staff. [Upon completion of the training each year, staff will forward their course completion certificate to the appropriate staff for entry into the system. The system will also use an email to remind staff of the need to complete the training each year.](#) Because concussion symptoms may manifest themselves in any setting, all school staff will be encouraged to take the online training and be alert for students who may display or report concussion symptoms.

Information to Parents and Students

The District will include the following information on MTBIs or concussions in any permission or consent form or similar document that may be required from a parent or person in parental relation for a student's participation in interscholastic sports. [Similar information will be provided to all students when they sign up for participation in sports and/or through information provided in physical education, health or mental health classes.](#) Information will include:

- a) The definition of MTBI;
- b) Signs and symptoms of MTBI;
- c) How MTBIs may occur;
- d) Practices regarding prevention; and
- e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

The District will provide a link on its website to this list of information from the SED's and Department of Health's websites.

Identification of Concussion and Removal from Athletic Activities

The District requires the immediate removal from all athletic activities of any student who has sustained, or is believed to have sustained, a MTBI or concussion. Any student demonstrating signs, symptoms, or behaviors consistent with a concussion while participating in a class, extracurricular activity, or interscholastic athletic activity will be removed from the class, game, or activity and must be evaluated as soon as possible by an appropriate health care professional. This removal must occur based on display of symptoms regardless of whether the injury occurred inside or outside of school. If there is any doubt as to whether the student has sustained a concussion, it will be presumed that the student has been injured until proven otherwise. The District will notify the student's parents or guardians and recommend appropriate evaluation and monitoring.

SUBJECT: CONCUSSION MANAGEMENT (Cont'd.)

The District may allow credentialed District staff to use validated neurocognitive computerized testing as a concussion assessment tool to obtain baseline and post-concussion performance data. These tools are not a replacement for a medical evaluation to diagnose and treat a concussion. [The District must seek authorization from the parent/guardian prior to the testing. Additionally, parents/guardians should be given a copy of the results upon request.](#)

Return to School Activities and Athletics

The student will not return to physical activity (including athletics, physical education class, and recess) until he or she has been symptom-free for at least 24 hours, and has been evaluated and received written authorization from a licensed physician. In accordance with Commissioner's regulations, the District's Medical Director will give final clearance on a return to activity for extra-class athletics. All authorizations will be kept on file in the student's permanent health record. The standards for return to athletic activity will also apply to injuries that occur outside of school. School staff should be aware that students may exhibit concussion symptoms caused by injuries from outside activities and that these visible symptoms also indicate a removal from play.

The District will follow any directives issued by the student's treating physician with regard to limitations and restrictions on school and athletic activities for the student. [The District will also develop a coordinated communication plan among appropriate staff to ensure that the treating physician's orders for post-concussion management are implemented and followed. The school nurse will work to ensure that all the necessary staff get the information they need to care for and work with the injured student.](#)

The District's Medical Director [and other licensed healthcare professionals employed by the District may](#) will also formulate a ~~standard protocol for treatment~~ procedure and treatment plan to be utilized by District staff who may respond to ~~of~~ students or staff with possible concussions during the school day.

In accordance with SED guidelines, this policy will be [both reviewed periodically](#) and updated [as necessary periodically in accordance with SED guidelines](#). The Superintendent, in consultation with the District's Medical Director and other appropriate staff, may develop regulations and protocols for strategies to prevent concussions, the identification of concussions, and procedures for removal from and return to activities or academics.
